Overview:Some properties stand out because of their location. Others because of their outdoor space. This exceptional ground-floor apartment offers both.

Occupying a privileged corner position within Cortijo del Golf, the property enjoys the largest private garden in the entire development – creating a sense of space, privacy and outdoor living that is exceptionally difficult to find.

Its southeast orientation allows the home to enjoy sunshine throughout the day, while the unique corner setting provides complete privacy without being overlooked. The expansive garden becomes a natural extension of the home, offering an outstanding setting for relaxing, entertaining and enjoying life outdoors.

Large sliding doors open directly from the living area onto the garden, creating a seamless connection between indoors and outdoors and filling the contemporary open-plan interior with natural light.

Presented in immaculate condition, the apartment combines modern design with effortless comfort and is ready to move into. The open-plan kitchen is fully equipped with SIEMENS appliances, complemented by integrated air conditioning, a pre-installed alarm system and smoke detectors. For added comfort and convenience, the owner has installed a water filtration system, improving the quality of the water throughout the property.

A private underground parking space and storage room are also included, with direct access to the parking area from each block.

Cortijo del Golf is an exclusive development of only 64 modern apartments, ideally positioned in the sought-after El Campanario area of Estepona, close to the Marbella border.

The beach is just 1 km away, while some of the area's best-known golf courses – El Campanario, Atalaya and El Paraíso – are all nearby. Within walking distance is the exclusive El Campanario Clubhouse, offering a 9-hole golf course together with tennis and paddle courts. Diana Shopping Center is also within walking distance, providing supermarkets, restaurants and essential everyday services.

What makes this property truly special, however, is the combination of features that rarely come together: the largest private garden in Cortijo del Golf, a coveted corner position, southeast orientation, all-day sunshine and exceptional privacy.

For anyone searching for a modern Costa del Sol home where outdoor space is every bit as important as the interior, this is a property that needs to be seen.
