■■■■■■■■■■: Beautiful house on the outskirts of the village, with plenty of renovation possibilities and stunning views of the sea and the mountains.

It is divided into three levels. It consists of two houses in one.

At street level, to the left from the entrance, there is a fully equipped kitchen with a large dining room in front and a spacious living room with a wood-burning fireplace that provides access to one of the three terraces.

At the same level, to the right from the entrance, we have three bedrooms and two bathrooms, one of which is en-suite with a bathtub.

Going up the stairs located in the center of the house, we access a hallway, one bedroom, a laundry room, and a very large open terrace that offers even more possibilities.

If we go down the same stairs from street level, we reach an office, and continuing one more level down, we arrive at a huge, bright open space, a loft-style area with large windows leading to the terrace with a pool. On this level, there is a bathroom and a small kitchen.

It has a nice private pool, solarium, and large terrace.

Additionally, it is sold with a plot divided into terraces, which can serve as a garden for the house.
