1. The first part of the document is a list of items, including a refrigerator, a microwave, and a built-in oven. The list is organized into a table with columns for item name, quantity, and unit price. The items are listed in a specific order, and the quantities are given in both units and pieces. The unit prices are listed in a separate column. The total price for each item is calculated and listed in a final column. The total price for all items is listed at the bottom of the table.

2. The second part of the document is a list of items, including a refrigerator, a microwave, and a built-in oven. The list is organized into a table with columns for item name, quantity, and unit price. The items are listed in a specific order, and the quantities are given in both units and pieces. The unit prices are listed in a separate column. The total price for each item is calculated and listed in a final column. The total price for all items is listed at the bottom of the table.

3. The third part of the document is a list of items, including a refrigerator, a microwave, and a built-in oven. The list is organized into a table with columns for item name, quantity, and unit price. The items are listed in a specific order, and the quantities are given in both units and pieces. The unit prices are listed in a separate column. The total price for each item is calculated and listed in a final column. The total price for all items is listed at the bottom of the table.
